REVEAL Art Fair  
Saratoga Springs, NY

April 26, 2019

Dear Friends,

Last year we stated that art is the way people see the world – this is as true now as it was then. Creating and experiencing art in all its many forms and styles helps us understand how our world use to be and how it is today. It might make us happy or sad, but it can always make us think.

Art is also a form of communication that can transcend languages, cultures, boundaries, barriers, even thousands of years. It is as invaluable to our experience of both current and past eras; it informs our sense of the future.

Our city has long been a popular venue for artistic expression. Following the success of last year's inaugural REVEAL International Contemporary Art Fair, the Saratoga Springs-based organization will again hold their premier art exhibition in our city from July 18<sup>th</sup> to July 21<sup>st</sup>. This exciting effort will bring to our community over 200 artists from across our country and around the world.

We are pleased and honored that Saratoga Springs will again serve as host for this event, and we extend to everyone at REVEAL, and to all the visiting galleries, artists and attendees, our very best wishes for another inspiring and successful show.

We are delighted to have REVEAL join us in Saratoga Springs to build off of last year's achievements, and we look forward to the second of what we hope is an annual event in the city.

Sincerely,

Meg Kelly
